## **The Company**

In 1985 we at Hauler Racks introduced the best alternative to traditional welded steel utility racks. By manufacturing with aluminum, and utilizing our innovative and patented design, we pioneered the first aluminum utility racks on the market. We continue to outperform other utility rack manufacturers by producing strong, durable, light-weight, rust-proof, and great-looking racks that are capable of carrying up to 1200 lbs, yet can be quickly and easily installed and removed from trucks, vans or sport utility vehicles.

At Hauler Racks we pride ourselves on providing a variety of quality equipment carrying solutions. We are committed to listening to our customers, and providing the level of service they expect and deserve.

## **Hauler Rack Accessories**

Hauler Rack Accessories are an excellent solution for the work-person who needs a heavy duty commercial rack with a little something extra. Choose from Utility Hooks, Wind Deflector, Head Knocker Accessory, Removable Crossbar Kit and our Drop Down Ladder Accessory. Our accessories make our strong and durable racks even easier to use.

# Features and Benefits

## Hauler Rack Accessories

### Feature

- Utility Hooks – Hang a ladder, extension cords or other items on the side of your hauler rack.

- Wind Deflector – installs on front crossbar and deflects air up and over the rack instead of through the rack.

- HeadKnocker Accessory- screen installs in back of window.

- Removable Crossbar Kit – pins that allow rear crossbar to be easily removed.

- Drop Down Ladder Rack – Attaches to universal van rack and holds a ladder.

### Benefit

- Leaves top of rack open for larger or longer items. Makes the ladder or other items easy to access on the side.

- Eliminates whistling and vibrating from winds at high speeds.

- Works with all truck racks (except TLRSA) to shield the back window from shifting loads.

- Quick and easy way to remove rear crossbar for tall loads in the truck bed. Works on Hauler and Heavy duty Hauler racks (does not work with T7R, T9R or T11R racks).

- Rotates the ladder from the roof of the van to the side of the van for easy loading and unloading. Hydraulic cylinder cushions the ladder to prevent slamming on the roof or side of the van. Handle clamps into place and can be padlocked for security.

# Specifications

## Hauler Rack Accessories

### Part Number: UH-1

#### Utility Hooks

Material: Bright Dip Anodized Aluminum Alloy 6063-T5  
Number of Utility Hooks: 2  
Shipping Weight: 4 lbs  
Carton Size: 6" x 6" x 6"  
UPC number: 0-49407-80173-5

### Part Number: FULL-1 (full size truck) or MINI-1 (mini truck)

#### Wind Deflector

Material: Bright Dip Anodized Aluminum Alloy 6063-T5  
Length: 50.25" for FULL-1 or 42" for MINI-1  
Shipping Weight: 3 lbs  
Carton Size: 59" x 3" x 3"  
UPC number: 0-49407-80093-6 FULL-1 or 0-49407-80098-1 MINI-1

### Part Number: HKAS5-1 (full size truck) or HKAS4-1 (mini truck)

#### Headknocker Accessory

Material: Bright Dip Anodized Aluminum Alloy 6063-T5  
Shipping Weight: 12 lbs for HKAS5-1 or 10 lbs for HKAS4-1  
Carton Size: 65" x 17" x 4"  
UPC number: 0-49407-80093-6 FULL-1 or 0-49407-80098-1 MINI-1

### Part Number: RCB-1

#### Removable Crossbar Kit

Number of lynch pins: 4  
Shipping Weight: 2 lbs  
Carton Size: 6" x 3" x 3"  
UPC number: 0-49407-80099-8

### Part Number: TBD

#### Van Accessory

Material: white painted aluminum  
Weight Capacity: 800 lbs  
Shipping Weight: 46 lbs  
Carton Size: 53" x 13" x 6"  
UPC number: TBD
